

Economic Development Grant Application

The HBP Economic Development Committee has allocated funds to create a grant program designed to offer businesses a \$1000 grant for signage, fencing, or exterior paint. The goal is to create a comprehensive effort to maintain and improve the character, aesthetic quality and property values within the business district.

How the Program Works

Selection of business grants will be based on a first-come-first-serve basis. Due to funding constraints, the number of businesses selected to participate is limited to ten in 2019.

To qualify:

1. The business must need exterior painting, signage or new fencing as determined by the committee.
2. Fences must be wood, vinyl or aluminum, no chain-link fences are permitted.
3. Signage and awnings will be reviewed by the committee.
4. Must have a business within the Business Improvement District Zone.

Program Requirements (application and pertinent documentation) may be emailed to hbpadmin@highlandsnj.com or mail to HBP POB 375, Highlands, NJ 07732
